

TESTIMONIAL FOR ZAL INTERIORS PTE LTD

Our first renovation project with ZAL Interiors Pte Ltd was in 2012. Since then we have had several renovation works done by them, big and small.

From the initial workspace analysis and interior design to the mock-up presentations, project management and onsite supervision, the ZAL team demonstrated great diligence and determination to make every project a success. I am particularly impressed with their team's commitment to quality work, dedication and professionalism and I am most thankful for the times they went above and beyond the scope of their work to meet our needs and provided excellent customer service and especially after sales follow-up on all issues, no matter how small. The quality and consistency of ZAL's work ethnics are evident throughout the projects and had it not been for their team's strong commitment to follow the schedules, the works would not have proceeded so smoothly with little inconvenience to our daily operations.

Great lengths were taken to help enliven and give our offices face-lifts by designing open-concepts which not only ensured all workstations receive the benefits of natural light but also better utilise the space. The team also went into great details in their selections and recommendations of suitable, alternative materials to help us stay within our budget.

I thank Vince, Benson, Zen and their team for all the jobs well done and would have no hesitation in recommending ZAL Interiors Pte Ltd to anyone who is looking for a professional team to handle their renovation and building projects.

Yours faithfully

Cecilia Ho
Manager
