Dear Vince/Benson,

RECOMMENDATION: QUALITY WORK AND SERVICE

I would like to express our deepest appreciation to ZAL interiors Pte Ltd who is responsible for our interior fit-out works at 8 Shenton Way #36-04 AXA Tower Singapore.

This is the first time we engaged ZAL for the office renovation work. I remember we were quite demanding when it comes to interior design ideas initially as we hope to provide a comfortable yet creative workplace for our employees. Throughout the whole process, Benson & Vince managed to provide professional suggestion to us. They have both proven to be very patient too when they dealt with our requests in order to fit our budgets. Renovation works were done according to the timeline with excellent project management. We were very satisfied with our completed renovation as well as the service quality that ZAL has provided.

Thus, we would like to recommend the services of ZAL without hesitation. A sincere thanks to ZAL team for the hard work.

Your sincerely,

Lydea Tan
HR Director
