**ZAL Interiors Pte Ltd**

Dear Vince,

**INTERIAL DESIGN AND BUILD FOR WELBILT APAC OFFICE**

When we first met the ZAL team, we knew we had found what we needed: a group of young, enthusiastic, sensitive designers. And as we soon found talented and efficient. What impressed us the most is your ability to listen to our story, who we were and what we had in mind for the new office space that we had leased for Welbilt APAC regional office. Your team proposed a beautiful concept encompassing the essence of our vision. The rest was creativity, talent and hard work with a superb final result .

The exceptional service that I have received from Jason, Project Manager. Jason is energetic, knowledgeable, pleasant, professional, and very helpful. Jason's extensive product knowledge and attention to detail is an asset to any company who is looking for a rewarding transformation to their interior realities. The uniqueness and caring demeanor that Jason brings to project management has been a wonderful experience.
